Not a Silver Level Partner Yet?

Due to the success of so many schools participating in Walk to School Day events in South Carolina each year, the Resource Center will only be able to provide unique incentives such as the glow in the dark silicone bracelets to **Silver and Gold Level Partners starting Fall 2013!** Bronze level schools will no longer receive these types of incentives, but they will receive other incentives for participating in Walk and Bike to School Day events.

Congratulations to our three partner schools selected to receive Safe Routes to School Action Plan assistance from the Resource Center next school year:

- **Upstate: Ford Elementary, Laurens**
- **Midlands: Burton-Pack Elementary, Columbia**
- **Lowcountry: Beaufort Elementary, Beaufort**

These three schools were selected after self-nominating and submitting an application for assistance. Each school was chosen based on their interest in developing a school travel plan, their current work with SRTS, and the current condition of the school surroundings. Each school's Action Plan will help to establish a long and short-term comprehensive SRTS Plan for the school and surrounding community. The Resource Center is looking forward to providing this great resource and assisting these schools with growing their SRTS programs this fall!

Click [here](#) to see the requirements to become at least a Silver Level Partner! There is still plenty of time to achieve Silver status before International Walk to School Day on October 9, 2013. Please contact your [School Outreach Coordinator](#) for assistance.
