Upcoming Event: SC Safe Routes to School Forum June 18, 2015!

Mark your calendars! The SRTS Resource Center will be holding a statewide forum on June 18th, 2015 at Spring Valley High School in Columbia. Participants will spend the day learning how to support and improve their SRTS program. The day-long event will include topics such as pedestrian and bicycle safety training, funding resources, and starting new or improving mature SRTS programs. This will be an excellent opportunity to share ideas with, and learn from, school champions, school district administrators, SCDOT officials, bicycle and pedestrian and Safe Routes experts, and public safety personnel. Come and network with other schools and groups that are all committed to creating safe, healthy environments for students!

Not a Silver Level Partner Yet?

Due to the success of so many schools participating in Walk to School Day events in South Carolina each year, the Resource Center will only be able to provide unique incentives such as the very popular glow in the dark silicone bracelets to **Silver and Gold Level Partners**. As of last year, Bronze Level schools no longer receive these types of incentives, but they will receive other incentives for participating in Walk and Bike to School Day events.

Click [here](#) to see the requirements to become at least a Silver Level Partner! There is still plenty of time to achieve Silver status before the end of the school year. Please contact your [School Outreach Coordinator](#) for assistance.
